## Experience

**Procurement & Services Internship, BPCE** — Paris area, 2026

*Banking group*

- Automated recurring tasks with Excel macros.
- Records management: sorting, archiving and transfers between departments (5,000+ files in one month).
- Formatted Word and PowerPoint documents for the team.

**Content creator, LinkedIn** — 2026 → present

*Finance, consulting & tech audience*

- Built a 5,000+ follower audience solo: 65,000+ cumulative impressions.
- Brand collaborations with PrepLounge (finance interview prep) and Financial Modeling Prep (financial data).
- Drafted collaboration contracts and set up the tax framework on my own.

**Discovery internship, Stellantis** — Paris area, 2023

*Automotive industry*

- Immersion in Service Design (DS project) and management control, R&D Europe.

**Student jobs: sales, quality and service** — 2022 - 2025

*Manon Marée (Palaiseau), E.Leclerc (Belfort), Petite Bretagne (New York)*

- Client relations, quality control and stock management, including in English.

## Education

**IESEG School of Management** — Lille, 2025 - 2030

*Master in Management (Grande École Programme)*

- Five-year programme: management, finance, economics, law and statistics.
- Top 25% of the first-year cohort (ranked 300th of 1,200).
- Exchange semester at the University of Vaasa (Finland), Jan. - May 2027.

**Lycée International Paris Saclay** — Palaiseau, 2022 - 2025

- French Baccalaureate with honours, European section (German).

## Projects

**GeoSnap - Mobile app (App Store)** — 2026

- Location-based photo-sharing app, designed, coded and published solo on the App Store (React Native, Expo, Supabase).
- TestFlight beta, database security audit and user feedback integrated.

**Solidarithon - Humanitarian project** — IESEG, 2026

- Budget manager: built a €36,000 budget, cost justification and co-financing plans.

**Ndoto - AI dream journal** — 2026

- Native iOS app with AI dream analysis (Supabase, Claude API), in TestFlight testing.
